

Low Poly Models Set: Volume 1

A set of different low-poly models.
293 objects created in Blender.

The set has no textures.

Each model has several materials that you can paint, change, and add new ones to suit your needs.

Also a feature of the set is that almost every model has a set of different degrees of failure.

The set can be useful for simple Settings, as well as for the entourage of War or Post-Apocalypse.

Models:

Kitchen Furniture Set (Sets, Tables, Chairs, etc.)

Office Furniture Set (Tables, Walls, Chairs, etc.)

Set of Household appliances (Refrigerator, TV, Computer, etc.)

Set of Home furniture (Sofas, Kresla, Cabinets, etc.)

Small street set (Benches, Trees, Bushes, Piles of tires, etc.)

Set of Workbenches (workplace, Forge, Incubator, etc.)
